Note: I designed it to use with batting to create a 3d effect. You may add 2 layers of batting or omit it altogether.

59.2 x 76.4mm(2.33 x 3.01"); 2 770 stitches

4 thread changes; 1 colour

APPLIQUE INSTRUCTIONS

1. "APPLIQUE POSITION" is a straight guide stitch to indicate where to place the batting as well as fabric for the appliqué.
2. Place only batting over the big pad area at this stage.
3. "APPLIQUE BATTING" then sews the batting down.
4. Cut away the excess batting without removing the embroidery from the hoop.
5. Now place the fabric over the whole area.
6. "APPLIQUE FABRIC" then sews the fabric down.
7. Cut away the excess fabric without removing the embroidery from the hoop.
8. Finish with the "FINAL OUTLINE" satin stitch.

Use the same colour for all the steps.
