

### JHB381 design detail

This Bible cover fits a larger Bible than my previous Bible cover.

For this project your fabric does the talking! The inside detail of each panel is plain stippling which holds the quilting and fabric together. You can stitch this in a contrast color of thread or a blend in color, choice is yours. You can do the whole design in one color or you can do the stippling detail in one color and the satin stitch outline in another color.

The cover comes with a pocket panel where a handy notebook can be stored. It also come with a zip panel which gives you handy storage space for your collection money etc. If you do not want to make to cover with the book panel and the zipper panel you do not have to. You only need to skip one stitch line which will allow you to make this cover with no added storage panels. It also comes with a pen holder panel and a bookmark.

The book cover closes with a tab which has a button hole in it. You can also add handles to your book cover if you so prefer for easy carry, but again, that is an option for your own personal preference.

The cover fits a bible with the following measurements.

10 inches (25cm) tall

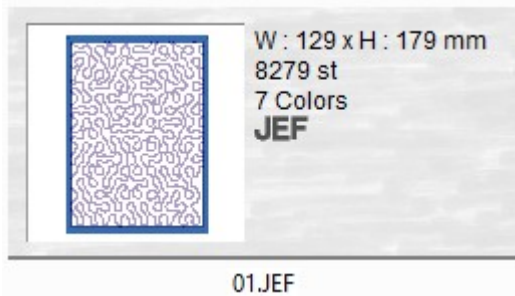

7 inches (18cm) wide

2 inches (5cm) deep

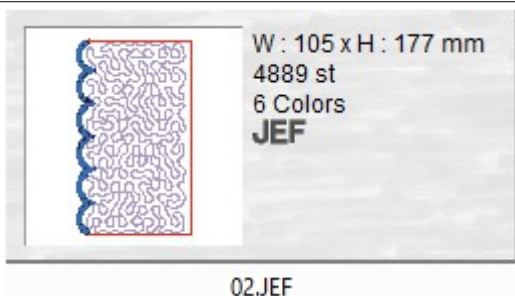

Front and back view of cover with book pocket and zip pocket

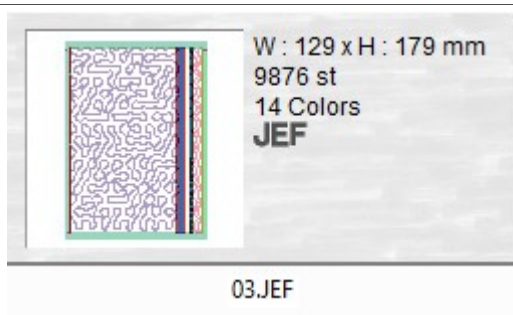

Front and back view of cover without the storage pockets.
