

## JHB432 design detail

These designs can be used on their own or you can create borders with them or whole panels. Use them on cushions, curtains, tableware, quilts or garments. Create one of a kind totes or aprons. The possibilities are endless.

I have created six combinations in various sizes already to which you can add more element designs. There are 24 element designs in this set that ranges from grass to flowers, a bunny, a bird, a butterfly and a funky worm. Let your creativity go wild with this set.

Thread colours are totally going to depend on you. Part of the fun.  
My single border

My double border

I have combined the element designs in four different picture files for this PDF regarding the design detail otherwise it would be a very very long PDF file.

Height: 104,1 mm
