

JHB484 design detail

This set is an in the hoop project and consists of three coat hanger covers. The covers are made in panels and are assembled on your normal sewing machine.

Enhance your cupboard with these covers that hide the plastic coat hangers. The bottom is left open to access the hanger for belts and slacks. The cover also help prevent your clothes from sliding off the hangers.

This project is created to fit a plastic coat hanger size measuring 16.50 inches (42 cm) in width.
